## What is love?

Love is a strong and positive emotion. It is the word of the world. Love is the omnipotent force that guides an individual to live harmoniously. Love is life, love is care, love is happiness, love is guidance, and love is the universal language. It is the language of a mother towards her child who is not yet born. It is the language of two naughty youngsters who wish to hitch up in the future. It's the language of a teacher towards their children. Love is the omnipresent force. Love is goodness. Love is selflessness. Love is positive possessiveness and mania. Love is the color of nature. Love is the chirping of birds. Love is the sound of waves. Love is the presence of God. Love is eternal and love is everything that is needed for human existence. Love is peace and love is naughtiness. Love is music and also rhythms. Love is deep and dark. It is the tears that eyes shed for a person. It is the tears that eyes shed for ourselves too. It is an attraction and a hallucination. Love is a drug that can cure every sort of disease and pain. Love is death and it can also be considered as the reunion with God. Love is the wealth that is sure to grow when shared with others. Love is smartness and in short, it is humanity.

“The happiness you feel is in direct proportion with the love you give.” - Oprah Winfrey

# 'Dear Mom'

My darkest days are gone  
Because you came as a light in my life  
Just think who am I in your mind.  
When you see me  
The most dreamful world  
I want to show you,  
Because you are my joy, you are my love.

Millions in the Galaxy  
Dazzling clusters of stars  
I haven't seen such an odd one  
Out of that  
You're the star; I haven't seen  
Such a prettiest one ever in my life  
The most lovable one to me is "My Mom"

**"No Men are Foreign"**

Remember, no men are strange, and no  
countries are foreign,

Beneath all uniform, a single body breathe

Like us, our brothers walk upon  
the earth, in which we all shall lie

They are aware of the sun, air, and water

They too, are fed by harvests.

# Sonnet “Happiness”

The moment of happiness is gay

And that's all I could say.

It is like the beautiful sunshine,

And it never makes me whine.

It's not like the faces that gloom,

But it's like the flower which blooms

Dancing, singing, and sharing,

In the presence of happiness is caring.

Happiness is the best thing to find on Earth,

And it would be nice if it remains till our breath,

Happiness takes you miles and miles

So fill your day with lovely smiles

It is like a tender feather,

So always be happy and bright forever.

# *My Dream to Become*

On a fine day, I was wondering about the miracle question that everyone used to ask me. Wherever I go, even when I start with the schooling itself, many people used to ask me, “Who do you want to become”? How do I know now?

But I always have a spark to become a “Good citizen”; if we grow as good citizens, we can shine in any career and be in a better position.

When I stepped into my LKG, I saw the kind, caring and beautiful mam with long hair; I wished to become a “Teacher”. Then I wished to become a “Police” because that’s the simple word to study spelling. And also, I see in movies police command over all people. At the end of LKG itself, I pretended myself as a navy head (Admiral). I presented the same in the school Expo and got into diary pages because, Admiral has power, and bravery, and he guards our country. Also, he is handsome and having beautiful uniform than other armed forces. While I am with my mom, I wish to get into the highest position in the IT field so that I can also visit a lot of countries like her. While I go to my Dad’s office, I would like to become a jewel merchant; then, I can wear the latest ornaments and gift them too.

Thus, my dream to become is still in confusion. I hope one day or other; I will define what I'm going to be in my future. Until then, I wish to dream.

# *Love of God*

Lord bless me this I know  
I had seen it many more  
I love him, and he knows  
For I tell, he blesses me so.

You are crucified on a Cross,  
With the stealer who stole the love and care  
Yes, I know it, and I love you more  
You are the God of lamb and love.

Yes, I know it; Bible tells me so  
Jesus, I know that son of God,  
I will praise him so much.  
Dad, I love you, you are so kind and merciful.

He who nailed in the cross was your son  
God bless you with wealth and Wisdom

# Quantum Computing

What is Quantum computing and how does it work?

Quantum computing is a multidisciplinary field comprising aspects of computer science, Physics, and Mathematics that utilizes quantum mechanics to solve complex problems faster than on classical computers. The field of quantum computing includes hardware research and application development.

It is the process that uses the laws of quantum mechanics to solve problems too large or complex for traditional computers. Quantum computers depend on qubits to run and solve multidimensional quantum algorithms. Indeed, quantum computing is vastly different from classical computing.

# Thoughts

I'll be as bold as a hill  
and stand tall to face all hurdles,  
I'll be as soft as a breeze  
and bring pleasure and treasure.  
I'll be fast as a wave,  
washing away all stones coming in my way.  
I'll be famous and never shame.  
I'll shine as bright as a star;  
I'll fight all obstacles with all my might;  
And I will live bravely till my last night.

## Life

Life is best for those who are enjoying it,  
Difficult for those who are comparing it.  
Worse for those who are criticizing it.  
Your winning attitude defines your life.  
So enjoy life, every moment.

# SELF ESTEEM

*Self-esteem is how we value and perceive ourselves. It's based on our opinions and beliefs about ourselves, which can feel difficult to change. We might also think of this as self-confidence. Your self-esteem can affect you in tons of ways.*

SELF-ESTEEM	
Self-esteem is a combination of thoughts and feelings a person has about themselves, and whether those thoughts are positive or negative.	
DEFINITION	EXAMPLE
<p>Rosenberg (1958) defined self-esteem as "a positive or negative attitude toward a particular object, namely, the self" (p. 30).</p> <p>In this definition, self-esteem is an opinion about one's self-worth. People with a high self-esteem believe they have high self-worth, whereas people with low self-esteem are more cynical regarding their value.</p>	<ul style="list-style-type: none"><li>• <b>High self-esteem:</b> A person that likes their personality and thinks they are good at tasks they put their mind to has high self-esteem.</li><li>• <b>Low self-esteem:</b> A person that thinks they have a lot of flaws and can't do things well has low self-esteem.</li></ul>

*In a single word it can be expressed as a confidence and satisfaction in oneself. It might not sound like much but it determines our lives in the most unimaginable way possible. It changes our perceptions about oneself and others. It can influence our future our lifestyle and our belief in ourselves. Self Esteem never leads to overconfidence or conceit.*
