How It All Started

Visionaries Who Lit the Path of Learning

Late G. Allan Abraham and Late Vasantha Abraham

Sacred Heart International School stands as a proud extension of a rich educational legacy rooted in service, discipline, and excellence. Its founding institution, Sacred Heart School, Moga, Punjab, was founded on 5th April 1971 by Late G. Allan Abraham, a visionary administrator and former officer of the Indian Army, and Late Mrs. Vasantha Abraham, an eminent educationist known for her compassion and dedication to holistic learning. Guided by the inspiring motto, “Walk as Children of Light,” the founders envisioned an institution that would blend academic rigour with moral and spiritual values. Carrying forward this enduring vision, Sacred Heart International School, Pammam, Marthandam, was established on 9th June 2010 to meet the growing need for quality international education in the region.

At a time when quality education was a distant dream for many children in the locality, the founders stepped forward with courage, commitment and an unshakable faith in the power of learning. What began as a modest initiative has now grown into a renowned centre of excellence, nurturing students with strong values, global perspectives, and academic brilliance.

Over the past five decades of dedicated service, Sacred Heart has shaped thousands of successful individuals—civil servants, doctors, engineers, scientists, entrepreneurs, educationists, and even innovative farmers—whose achievements resonate across India and beyond.

Today, under the inspiring leadership of the second generation, the legacy continues to flourish. Following the ICSE and ISC curriculum, our students consistently excel in board examinations, achieving national benchmarks and state-level distinctions. Beyond academics, Sacred Heart remains steadfast in its mission — to impart education that enlightens the mind, strengthens character, and transforms lives.

“Our journey, rooted in faith and guided by purpose, continues to inspire every heart that walks through the gates of Sacred Heart International School.”

MESSAGES FROM OUR THINK TANKS

Trust in the LORD with all your heart, And lean not on your own understanding;
In all your ways acknowledge Him, And He shall direct your paths.

With advanced monitoring systems and reliable service, the SHIS transport facility offers a seamless, secure, and stress-free travel experience for every child.

Celebrating Literacy: Our New Library Unveiled

At Sacred Heart International School, we believe that readers become leaders — and our newly designed library stands as a living symbol of that belief. Spacious, serene, and technology-enabled, it offers the perfect environment for students to read, research, and reflect.

Our shelves are lined with an extensive collection of books — from timeless classics and contemporary works to advanced reference materials. A special section is devoted to competitive examinations such as JEE, NEET, and Olympiads, guiding aspiring achievers toward academic excellence.

The library also houses digital resources, journals, and periodicals, supporting a wide range of academic and creative pursuits. Students are encouraged to borrow books regularly, cultivating the habit of daily reading and independent learning. Comfortable reading zones, discussion corners, and quiet study spaces make it an inviting haven for every learner.

More than a repository of books, it is a centre of inspiration — where curiosity meets knowledge, and knowledge leads to wisdom.
